1. Is there something in your life that you are convinced is too hard for God?

2. Has God ever asked you to let go of something or someone and entrust them into His hands?

3. Has there ever been a time when you were in the desert and God showed you a well?

4. Do you believe that God's plan for you is good and trustworthy, even when it is hard to see the outcome?

5. Are you willing to sacrifice your dreams to God?

6. Do you believe that your faith and obedience can change the world?
