

A NOTE FROM PASTOR BILL

Ever since I moved my family to the Salt Lake valley to plant The Rock Church in May 1999, the blessing of God has been apparent. What started as two families in my living room is now a vibrant church of almost 1,000 people meeting each weekend in five services at three locations — all because of the transforming power of the Gospel.

Our vision is to share the truth of Jesus Christ — one life at a time, one world in our lifetime — and our mission has always been clear: God has called us to win the lost, build the believer, and send the sanctified. And we've done just that. In fact, we believe that if we can win Utah, we can reach the world!

Our battle cry — *Interested in God, but not religion?* — has resonated in the hearts of people for the past 13 years. There are countless souls who are thirsty for an authentic, honest and relevant relationship with God, unhindered by the trappings of works-based religion.

And this is just the beginning . . .

THE DREAM

We all have dreams, don't we?

As a church, we are dreaming big dreams. Our dream is to establish 20 life-changing, Gospel-preaching, Bible-believing church services at The Rock's multiple locations by the year 2020.

It's a big dream,
but we've got a big God!

Building by

THE NEED

We believe that in order to accomplish this remarkable goal, we need to build a permanent facility for our Sandy location. We estimate that we'll need to raise \$2.5 million in a three-year capital campaign to make the first phase of this dream become a reality. This will be the first building that The Rock has ever owned. For the very first time, we'll have the ROOTS we need so we can begin growing deep for further reach!

A permanent facility will provide . . .

STABILITY

and confidence to our growing family of faith

LEGITIMACY

to those within our church and community

OPPORTUNITIES

to see more people receive Christ
and to plant more churches

THE PLAN

After ten years of renting (on a month-to-month basis) a building that is now falling apart, we plan to build a 31,000-square-foot facility on our property at 11600 S 700 E in Draper, with construction occurring in two phases. Phase one (14,000 square feet) could begin this fall and would be completed by spring of 2014. Phase two (17,000 square feet) could be built within five years. Take a look and dream with us!

ROOTS 2.0 - THE FUNDING

Throughout this three-year campaign, we're encouraging everyone to give over and above their regular tithes and offerings in order to make this a reality. Most gifts will probably be given as weekly or monthly pledges, but we know there will be some individuals who prefer to give one-time large donations or other gifts in the form of stocks, property, wills, trusts, assets, or gifts-in-kind.

Together, we can make this dream come true!

ROOTS 2.0 – THE CHALLENGE

We firmly believe that God will fully supply the necessary funding through the generosity and commitment of individuals like you, and your involvement in this project will help make it happen.

**Will you join God in what He is doing
with this remarkable vision through The Rock?**
